

The Municipal Plan and Development Regulations for the Town of Trinity along with Land Use Zoning Maps 1 and 2 are now available for your review by clicking on the links below.

Changes have been made to the first drafts based on comments and suggestions that were received in December.

Council is anticipating the adoption of the Plan and Regulations at its next meeting and from there individuals will have the opportunity to make appeals or objections to any contents of the documents.

Details regarding this formal process will be posted to the Town's website and will be publicly advertised for a two week period after their adoption. Should appeals or objections be received a Commissioner will be appointed and a Public Hearing put in place.

Thank you.

Jim Miller  
Mayor  
Town of Trinity
